Improved efficiency.
Improved economy.

V6 Example

Engine	Power	Consumption
V6 original	408 HP	35 Litres/100Km
V6 + STEINBAUER	510 HP	33 Litres/100Km

20 trucks 200,000 Km/year saving 2 lt/100 km = 80,000 litres.
You would save about \$ 120,000.-*

V6 – V8 Example

Engine	Power	Consumption
V8 original	510 HP	40 Litres/100Km
V6 + STEINBAUER	510 HP	33 Litres/100Km

20 trucks 200,000 Km/year saving 7 lt/100 km = 280,000 litres.
You would save about \$ 420,000.-*

*estimated fuel price AS 1.50

10% REDUCTION
IN **FUEL CONSUMPTION**
AND **EMISSIONS** WITH
OUR **POWER MODULE:**
STEINBAUER FUEL SAVER

electronics casing

All accessory electronics delivered by STEINBAUER are based on a single principle: 100% independence of the hardware module from the vehicle's own ECU by means of an original STEINBAUER plug connection. This provides a number of different advantages. The unit can be installed quickly without complication. There is no interference with existing vehicle components. The plug can be disconnected at any time without making any additional changes. Please find more information at www.steinbauer.com.au

OPTIMISATION OF CONSUMPTION

Power enhancement by fuel injection optimisation.

SAFETY

Higher performance by optimising the fuel injection system.

INSTALLATION

Simple, cost-saving installation due to original plug connection.

POWER MODULE WARRANTY

A 3 year warranty on your STEINBAUER Power Module.

QUALITY

In-house development with 10 years experience in hardware and software.

30 DAY MONEY BACK GUARANTEE

Test drive and compare the STEINBAUER Fuel Saver.
